Name of CRC industry partner: OzFish Unlimited
ozfish.org.au

Type of CRC industry partner: NRM Consulting Agribusiness
 Technology Water utility Government agency

Description of Organisation: OzFish Unlimited is a not-for-profit organisation dedicated to helping the millions of Aussie recreational fishers take control of the health of their rivers, lakes and estuaries and shore up the future of the sport they love. OzFish Unlimited partners with fishers and the broader community to invest time and money into the protection and restoration of our waterways, counteracting decades of degradation.

*** Types of internship:**

- **Research internship:** conducting research-related tasks for organisations and/or researchers internal or external to the University. Tasks vary but may include study design, participant recruitment, data collection and analysis and reporting findings. Depending on the research, it may be completed face-to-face or remotely/externally; students may complete a minimum number of hours/days depending on the course, could be from several weeks to months.
- **Practical workplace internship:** undertaking hand-on tasks that enable development of employability skills and application of degree knowledge in a not-for-profit, university, government, non-government organisation or industry. The internship is likely to be face-to-face, but depending on the nature of the tasks and the student's study area, there may be scope for some remote/external work; students complete a minimum number of hours/days depending on the course, could be from several weeks to months.
- **Short-term project:** where interns complete a set project that has agreed desired outcomes and deliverables. Depending on the project, it may be completed face-to-face or virtually/remotely/externally; students complete a minimum number of hours/days depending on the course, could e.g. be a 100 hrs.)
